Number: 1.65.0005

SPECIFICATIONS

Measurements: 196 (l) x 175 (w) x 62 (h) mm

Weight: 0,80 kg

Made in: China

HS Code: 90051000

DESCRIPTION

The Konus Sporty 7x50 is versatile and always ready for use. The Konus Sporty is great when it comes to quickly catching a moving subject. Because of the Fix Focus you don't have to focus the binoculars and it's enough to look through the lenses.

The 50mm objectives are treated with the special "Green-Coating" so you are assured of sharp and clear images, even at dusk. Because of the solid body which is equipped with a rubber anti-slip coating you do not have to be afraid that the Sporty slips out of your hands.

Using the optional Konus tripod adapter (see optional accessories) you can place the binoculars on a tripod to prevent movements so you can observe for hours.

Application Konus Sporty 7x50 Fix Focus

The Sporty 7x50 is the perfect binocular during (water) sports events and can also be used while skiing and/or snowboarding. The 50mm objectives in combination with the 7x magnification provide a wide angle of 7°. The large field of view of 122m at 1000m is ideal for (water) sports events.
