

## ARTICLE

### Life Jacket - Harbour Anti Static and Flame Retardant - Yellow - 300N

Number: 3.40.0325

## SPECIFICATIONS

Made in: United Kingdom

HS Code: 63072000

## DESCRIPTION

A 300N life jacket with anti static and flame retardant properties according to EN1149-3 / EN ISO14116-1. The anti static values of the materials prevent ignition due to electrostatic discharge.

Therefore the jacket is suitable for use on or near water at explosive hazardous environments, for example refineries, chemical plants or on board of tankers.

### HI-VISIBLE

The cover is Hi-Visible and together with the reflective panels, this enhances the visibility of the wearer.

### COVER

Nylon Anti Static cover; soft and comfortable to wear.

### EXTRA FEATURED ITEMS
